March 5-9

Wow, I can't believe it is already March. It's a nice time to reflect on the children's year and how much they have truly grown so much emotionally, socially, and academically. They have become quite independent and I encourage you to continue giving them more responsibility. I have also noticed that they have become better friends, whether they are expressing their feelings or sharing a toy. They all have become such great friends and look out for one another.

This week we...

- Painted shells
- Made our own fish bowls with goldfish
- Used our handprints to make fish
- Used colorful sand to create art
- Finished our adorable sharks.
- Had SO much fun on Beach Day!
- Had fun in the gym and Cozy Room
- Enjoyed Moms and Tots
- Celebrated Krishna and Evelyn's birthday!!
